

Paediatric Emergency Care

“Early Years” Course Profile

This comprehensive course is a fun and practical course that gives students the confidence to provide emergency care to ill and injured casualties of all ages

Duration

12 hours

Who is this course suitable for?

This course is ideal for anyone over 16 years old who will be providing early years care for babies & children without another “Early Years” certificate holder present

Students need to have the qualities and attitudes you would expect of a first aider who is looking after a baby or child who has suddenly become ill or injured

Certification

This course leads to the award of a Paediatric Emergency Care certificate on successful completion and it exceeds the Ofsted syllabus

The certification also qualifies the holder to act as an Emergency First Aider in any workplace, and therefore treat adult casualties too

What does the course cover?

- ❖ Planning & dealing with emergencies
- ❖ Managing injuries and illness
- ❖ Unconsciousness (inc. diabetes, seizures)
- ❖ Breathing problems (inc. asthma, choking)
- ❖ Poisoning, bites, stings, burns, foreign objects
- ❖ Extremes of heat (high & low)
- ❖ Minor & major bleeding (inc. eyes)
- ❖ Management of minor injuries
- ❖ Medical issues (inc. meningitis)
- ❖ Strains, sprains, bone injuries
- ❖ Resuscitation & shock
- ❖ Flare-ups of chronic medical issues

Why choose us?

- ❖ We ensure our courses are as fun, practical and student-led as possible
- ❖ Our Trainers include nurses & paramedics with excellent teaching credentials
- ❖ We have been nominated for a National Training Award for “Training Excellence”
- ❖ We exceed the training standards recommended by the HSE
